MR. P. K. KURIAKOSE: May I know whether the Government is alive to the desirability of a Women and Children's Hospital in North Travancore?

DR. S. JOHN: I do not think it is necessary, because Lady Doctors are posted in all the Hospitals and there are Women's Hospitals in Trivandrum and Quilon. I do not think that a hospital is necessary in North Travancore.

MR. P. K. KURIAKOSE: Sir, as there are Lady Doctors in the Hospital in North Travancore, the honourable member is of the opinion that there is no need for a Women and Children's hospital there. But, in view of the fact that there are Lady Doctors in the hospitals of Trivandrum and Quilon, does the honourable member think there also there is no necessity to have separate hospitals?

DR. S. JOHN: Sir, the point is that the Lady Doctors are appointed in the big hospitals in Trivandrum, and Quilon and Kottayam only to give training to the Lady Doctors. If the women and children are given proper treatment there, I do not think that the question arises.
